

## Material de apoyo #5

### Sesión 5

1. Please go to the following link and play the game so you can get ready to identify the plural and singular nouns: <https://wordwall.net/resource/35296689/english/singular-and-plural>

## Now it's time to play another little game at home!

Practice singular and plural nouns using real objects at home, labeled with numbers.

1. The student chooses 5 to 8 grouped objects they can easily find around the house or classroom. For example:

- 1 spoon
- 3 pencils
- 5 books
- 1 pair of shoes
- 2 chairs

2. They make small paper signs or sticky notes showing how many of each item they found. Example:

- "1 spoon"
- "4 apples"
- "2 cups"

3. Place the signs on or next to the real objects.

The student then walks around their home, reads each label, and says or writes:

- A sentence using This is or These are
- A count sentence with There is / There are

R//

- This is a spoon. There is one spoon.
- These are pencils. There are three pencils.
- These are books. There are five books.
- This is a pair of shoes. There is one pair of shoes.
- These are chairs. There are two chairs.
- These are apples. There are four apples.
